授業内容 ・ ねらい	<p>※ 2 時限連続の授業 In this class we will watch several interesting films, then we will form groups to: (1) write 5 minute scenes based on scenes from the films, and (2) perform those scenes.</p> <p>It is important to understand that this class meets for three hours, once a week. That means each day counts as two classes.</p> <p>Additionally, there are some special projects in which students will draw illustrations of their dramas and explain them on the VID machine. Once each semester, students use camera and take pictures of family and friends in poses from dramas which the student has written. Then the student will narrate those photos using the projector.</p>
